Dear Marianna Taljaard

Thank you for the call earlier and possibly granting the department more time to comment. A number of recipients are no longer in the employ of the Department, or have moved into other positions.

You can remove both Zayed Brown (retired) and Nicole Garcia (now at City of Cape Town) from the database. Etienne Roux has moved from Waste Management to Air Quality Management, but still in the Department.

For Waste Management inputs, please ensure myself, Lance McBain Charles, Eugene Pienaar and Shaun Arendse are copied in, as well as the Administration viz Alrien Vetman and Abdullah Suliman.

Natasha Davis-Wolmarans is the Director: Pollution and Chemicals Management (and you can copy in Catherine Bill), and Joy Leaner Director: Air Quality Management (and copy in Etienne Roux), for comments in their respective units. Natasha/Joy/Etienne, you can nominate others for support.

It would be appreciated if we could have until Wednesday, 4 December 2024 to provide inputs, as many of the staff that should comment did not receive this previously.

Kind regards

Saliem Haider
