Dear Potential Interested and/or Affected Party

Please be informed that Zutari (Pty) Ltd has been appointed by City of Cape Town to undertake the Environmental Authorisation Application in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA) via a Basic Assessment (BA) process, per the 2014 EIA Regulations, as amended, for the Macassar Wastewater Treatment Works, Capacity Extension and Associated Infrastructure Refurbishment, Western Cape.

On the 07 July 2016, the Department of Environmental Affairs and Development Planning issued an Environmental Authorisation (EA) 16/3/1/1/A3/39/2078/14 to the City of Cape Town approving the proposed upgrade and expansion of the Macassar Wastewater Treatment Works (WWTW) and associated infrastructure. However, due to the time that has passed since the approval in 2016, new design engineers have been appointed to finalise the detailed design. The design engineers have identified alternative technology options that will enable the works to run more efficiently and improve the quality of the effluent being discharged to the estuary.

The proposed revision to the design upgrades will require the clearance of more than 1ha of indigenous vegetation, which includes Endangered Cape Flats Dune Strandveld vegetation. Therefore, Listing Notice 1, Activity 27 and Listing Notice 3 Activity 12 is being applied for
